Index to Vol. LVII

Electrical Review and Western Electrician

JULY 2 TO DECEMBER 31, 1910

Articles Marked * are illustrated; (E) indicates "Editorial"

A

Accidents and their prevention, industrial. 312
Accidents, how they happen. 634
Accidents, lessening of (E). 455
Accidents on New York roads. 41
Accidents, preventing industrial (E). 301
Accidents, prevention of, by George E. Haylor. 720
Acco Lamp hanger and cutout*. 752
Accounting for small central stations, by F. B. Spencer. 420
Accounting system report, Canadian Electrical Association. 121
Accounting systems. 121
Accounts and reports, Association of Railway Electrical Engineers' report on. 722
Advantages of small exhaust-steam turbines, by A. E. Michel*. 1354
Advertise enough, do we? (E). 253
Advertising campaign, co-operative. 4
Advertising campaign, results of consistent. 96
Advertising, ethics of central-station, by Charles A. Parker. 324
Advertising, future of central-station, by Charles A. Parker. 539
Advertising, general review of central-station, by Charles A. Parker. 739
Advertising in Latin America. 1324
Advertising, newspaper. 541
Advertising scheme attracts attention, novel*. 391
Advertising value of expositions (E). 406
Aeronautics and aviation, international exposition of. 1074
Aeroplane, wireless message from. 456, 1347
Aeroplane, wireless tests on. 772
Aeroplanes, wireless on. 504
Air, electric strength of, by Dr. John B. Whitehead. 69
Airship, lighting installation on transatlantic*. 754
Alarm instrument, frequency-variation*. 143
Alkali metals, resistance of. 466
Alleys to be lighted, Washington. 738
Allis-Chalmers annual report. 1054
Allis-Chalmers Company*. 574
Alloy, new. 907
Alloy, new German. 41
Alloys, Hall and some allied effects in, by Alpheus W. Smith. 1134
Alloys, magnetic properties of. 361
Alloys, resistivity of. 221
Alternating-current circuits, vector power in, by Dr. A. E. Kennelly. 70
Alternating-current measurements. 75
Alternating-current measurements, recent progress in exact, by Dr. C. H. Sharp, and W. W. Crawford. 75
Alternators, design of small*. 289
Alternators, large water-wheel*. 1260
Alternators with direct-attached belted exciters*. 1209
Aluminum alloy, new. 602
Aluminum, magnesium and their alloys, valve action of, by C. Nusbaum. 1135
Aluminum, modern works for manufacture of*. 410
Ambulance, electric vehicles for. 804
American Electric Railway Association (E). 816
American Electric Railway Association (formerly American Street and Interurban Railway Association), convention of. 829
American Electric Railway Engineering Association, convention of. 830
American Electric Railway Transportation and Traffic Association, convention of. 833
American Electrochemical Society, Chicago Section. 113
American Electrochemical Society, general meeting of. 824
American Electrochemical Society, meeting of. 664
American Electrochemical Society, New York section. 1322
American Institute of Electrical Engineers. 1044, 1234
American Institute of Electrical Engineers, Chicago Section, joint meetings with Electrical Section, Western Society of Engineers. 616, 880, 1133
American Institute of Electrical Engineers, Cleveland Section. 889
American Institute of Electrical Engineers, convention of. 13, 67, 85
American Institute of Electrical Engineers, Fort Wayne Section, inspection trip of. 886
American Institute of Electrical Engineers, Lewis Institute Branch. 1124, 1282
American Institute of Electrical Engineers, meeting of. 839
American Institute of Electrical Engineers, new branches of. 970
American Institute of Electrical Engineers, Pittsburg Section. 850, 1200
American Institute of Electrical Engineers, Pittsfield Section. 1026
American Institute of Electrical Engineers, proposed meeting with co-operation of Pittsfield and Schenectady Sections. 876
American Institute of Electrical Engineers, Schenectady Section. 1178
American Institute of Electrical Engineers, St. Louis Section. 1026, 1241
American Institute of Electrical Engineers, Toledo Section. 1172
American Iron and Steel Institute inspection trip. 876
American Mining Congress, annual meeting of. 466
American Peat Society, annual meeting of. 160
American Physical Society, fall meeting of*. 1134
American Physical Society, Thanksgiving meeting. 876
American Railway Master Mechanics' Association, convention of. 4
American Society for Testing Materials, convention of. 93, 141
American Society of Heating and Ventilating Engineers, semiannual convention of. 56
American Society of Mechanical Engineers, annual meeting of. 1242
American Society of Mechanical Engineers, joint meeting with British Institution of Mechanical Engineers. 316
American Street and Interurban Railway Association, convention of. 664, 772, 829
American Street and Interurban Railway Association, name changed to American Electric Railway Association. 829
American Street and Interurban Railway Engineering Association convention of. 830
American Street and Interurban Railway Manufacturers' Association. 836
American Street and Interurban Railway Transportation and Traffic Association, convention of. 833
Among the contractors and supply men. 140, 189, 339, 437, 645, 859, 1004, 1150, 1254
Amperemeter, new. 39
Anglo-Japanese exhibition. 724
Antenna, bed-spring for. 1074
Antigo (Wis.) electric show. 92
Apparatus, best methods to be followed in purchasing station, by R. J. Feathers. 270
Apparatus employed in telephone train dispatching, auxiliary, by K. W. Endres*. 896
Arc, application of electric, by A. J. Mitchell*. 526
Arc lamp, Stave flaming*. 441
Arc lamps, effect of wave form and frequency upon flaming. 479
Arc lamps for excavations, flaming. 344
Arc lamps in theater, flaming. 488
Arc lamps, miniature inclosed*. 97
Arc lamps on lake steamers, flaming*. 442
Arc lighting at Toledo and Milwaukee, ornamental*. 991
Arc lights in Cumberland, cheap. 178
Arch lighting in Cape May. 379
Arcs, luminous and flame versus open and inclosed, by W. D'A. Ryan. 903
Arcs on trial in Cincinnati, magnetite. 438
Argentina, electric trade purchases by. 184
Argentina's electrical imports. 644
Argentina, wireless station for. 1028
Argentine electrical illumination. 278
Argon, electric strength of. 173
Arm for tungsten street lighting*. 586
Armstrong Company, G. W.*. 552
Art galleries, artificial lighting of (E). 502
Art galleries, lighting Morgan, at Hartford*. 519
Asbestos insulated rectangular wires. 750
Asbestos in United States. 1178
Association of Edison Illuminating Companies, annual meeting of. 578
Association of Edison Purchasing Agents, meeting of. 922
Association of Railway Electrical Engineers, convention of. 272, 408, 616, 698, 722
Aster generating set*. 41
Atlanta Section, National Electric Light Association. 884
Australia, street railways in. 924
Automobile batteries, lecture on. 1353
Automobile exposition in Argentina. 220
Automobile lock, Connecticut*. 144
Automobile tests, electric. 208
Automobiles, electric lighting for (E). 503
Automobiles, electric lighting of, by Roscoe Scott*. 529, 1152
Automobiles in United States government service, electric, by Waldon Fawcett*. 307
Averaging instrument for circular chart records, Bristol-Durand* B. Co. 94
Aviation office, German. 145

B

Badt, Francis B.*. 923
Baker, Cyrus O.*. 971
Balancing within one per cent. 438
Balloon, wireless experiments from. 715
Balloon, wireless on dirigible. 430
Balloons, recent progress in dirigible. 112
Baltimore, electrical supply in. 1163
Baltimore, Susquehanna power for. 788
Baseball by electric light, playing (E). 466
Baseball field, electric lighting of*. 473
Basicity of metals, relative, by L. Kahlenberg. 827
Batteries, care of vehicle, by S. C. Harris. 886
Batteries in army and navy service, storage, by E. L. Reynolds*. 310
Batteries, self discharge of Planté and Faure storage, by O. W. Brown and W. G. Bowers. 826
Batteries used by Ohio Electric Car Company, Exide. 145
Battery car, successful operation of storage 1204
Battery, electric vehicle, by Bruce Ford. 885
Battery, evolution of lead storage, by P. G. Salom. 826
Battery gauge, Western Electric watch-case*. 290
Battery holder, Patterson wireless dry. 602
Battery, new Morrison storage*. 1259
Battery, new vehicle storage. 1102
Battery, 1910 Edison storage, by Walter E. Holland. 1129
Battery switch, new*. 648
Battery work of Brush, storage. 1037
Battleship, electrical equipment of modern, 781
Battleship, marine-motor. 994
Belfast electrical show. 978
Belgian government adopts metric system. 978
Belgium, telephone and telegraph operation in. 16
Bell, new type of cable end*. 952
Bell Telephone managers confer. 282
Belt driving, by Selby Harr. 1244
Best lighted building in world, by Joseph A. McMeel*. 1092
Bids wanted for electrical supplies. 390
Billboard, passing of (E). 567
Binders for coal briquets, by C. L. Hubbard. 126
Blackstone Hotel, electrical and mechanical installation in*. 363
Blasting system, adopts electric. 145
Blazing new trails, by Charles A. Parker. 90
Bohemian Academy of Sciences fund for research. 1191
Boiler corrosion, a preventive of. 1324
Boiler efficiency, combustion and, by Edward A. Uehling. 1242
Boiler room and its contents, by H. F. Rosenkrans. 419
Boiler-room economy, by P. E. Matteson. 634
Boiler water troubles, by C. C. Young. 720
Boilers for power station, water-tube. 128
Boilers, selection of steam, and design of boiler rooms, by W. B. Gump*. 532, 583
Bolivia, electrical opportunities in. 1010
Bonding lead-covered cables to prevent electrolysis, by W. G. Middleton*. 423
Book bindery, motor drive in, by F. J. Chisholm*. 946

Book Reviews.

A Pathfinder: Discovery, Invention and Industry. 389
Auto-transformer Design, by Alfred H. Avery. 389
Compendium of Applied Electricity, by Paul E. Lowe. 1300
Continuous—Current Machine Design, by Wm. Cramp. 1300
Dynamo Building for Amateurs, by A. J. Weed. 444
Edison: His Life and Inventions, by Frank Lewis Dyer and Thomas Commerford Martin. 1202
Electric Motors, their Action, Control and Application, by Francis B. Crocker and Morton Arendt. 389
Electric Trains, by H. M. Hobart. 1202
Electric Wiring, by Joseph G. Branch. 436
Electricity, by H. B. Hobart. 436
Electrotechnics, by John Henderson. 389
Elektrische Uhren (Electric Clocks), by Dr. A. Tobler and Johannes Zacharias 644
Elementary Mechanics for Engineering Students, by F. M. Hartmann. 1003
Elementary Telegraphy, by H. W. Pendry. 1300
Fuel and Refractory Materials, by A. Humboldt Sexton. 436
How to Read Telephone Circuit Diagrams, by David S. Hulfish. 1300
Hyde's Telephone Troubles and How to Find Them, by W. H. Hyde. 1350
Magnets and Magnetism Simply Explained, by A. W. Marshall. 1350
Miscellaneous Tests of Electric Car Equipment, by Eugene C. Parham and John C. Shedd. 1003
Physics, by C. R. Mann and G. R. Twiss. 1350
Practical Hand Book for Millwrights, by Calvin F. Swingle. 1202

NOV 9 1911

107425

BOOK REVIEWS—*Continued.*
- Railway Special Work, by Walter E. Silsbee and Percy E. Blood..... 389
- Schutz der Hochspannung-saniagen (Protection of High-Tension Installation), by Hermann Zipp..... 644
- Solenoids, Electromagnets and Electromagnetic Windings, by Charles R. Underhill 389
- Standard Handbook for Electrical Engineers 1003
- The Application of Arc Lamps to Practical Purposes, by Justus Eck..... 1202
- The Art of Aviation, by Robert W. A. Brewer 436
- The History of the Telephone, by Herbert N. Casson 644
- The Young Electrician, by Hammond Hall 1350
- The Watthour Meter, by Wm. M. Shepard and Allen G. Jones..... 1300
- Twentieth Century Hand-Book for Steam Engineers and Electricians, by Calvin F. Swingle 436
- Wireless Telegraph Construction for Amateurs, by Alfred P. Morgan..... 1202
- Wireless Telephones and How They Work, by Jas. Erskine-Murray..... 1350

Booklets, new 772
Boroid—a noninflammable celluloid..... 441
Boston electrical show for 1912..... 1171
Boston, electrification studies at (E)..... 1071
Boston, minor street lighting at..... 636
Boston, regulating telephone rates in...462, 548
Boston telephone situation..... 440
Boulogne wireless station, by A. De Courcy* 115
Box factory, electric drive for..... 804
Boxes, "Union" door-switch*..... 440
Boynton vacuum pump*..... 38
Branch-exchange switchboards, a new line* 1301
Brazil, public utility merger in..... 588
Brazilian Electric Power Company franchise 582
Breakdowns of electrical machinery..... 899
Brewery, electricity in modern*..... 463
Briquetting in United States, coal..... 535
British Association for the Advancement of Science 458, 629
British imports and exports..... 221
British Institution of Electrical Engineers. 1193
British investments abroad 221
British Medical Association, annual meeting of 408
Brooklyn, boosting* 327
Brooklyn Company Section, National Electric Light Association..... 1250
Brooklyn Edison Company, profit sharing by 1226
Brooklyn Edison educational work..... 770
Brooklyn Edison employees may share profits 57
Brush, Charles F.*..... 715
Brush, storage-battery work of..... 1037
Brushes, copper-graphite..... 1100
Brussels exhibition, by Henri Marchand* 370, 717
Buick Automobile Company, power equipment of* 877
Building, central-station opportunities in (E) 2
Buildings and structures, American Electric Railway Engineering Association report on 831
Bureau of Standards, electrical laboratory for (E) 969
Bureau of Standards, examination for aid for 1076
Business good, electrical 1156
Business, investment justified by smaller companies for securing power, by H. M. Blake 623
Byllesby managers, meeting of..... 1191
By-product of an electric plant..... 1344

C

Cable, an electrically protected power*..... 1305
Cable between Japan and Formosa, new..... 132
Cable concessions, Brazilian..... 898
Cable end bell, new type of*..... 952
Cable forming board*..... 1260
Cable, high-power submarine..... 721
Cable laid in Chesapeake Bay, armored*..... 334
Cable laid, new Western Union..... 772
Cable, new distributing 136
Cable opened, Argentine-Europe..... 282
Cable rates to be lowered..... 1050
Cable service, Mackay Companies may increase 64
Cable terminal, new protected*..... 95
Cable tolls to be cheaper 208
Cables in coal mines, earthed concentric.. 434
Cables, non-reactive submarine*..... 1346
Cables, Pennsylvania Railroad lays submarine 753
Cables, submarine, for long-distance telephone circuits 1345
Calcium carbide, world's production of.... 439
Calcium, efficiency in electrolytic preparation of, by F. C. Frary, H. R. Bicknell and C. A. Tronson..... 826
Calcium, electrolytic preparation of, by A. R. Johnson 826
Caldwell, E. W.* 361
Campaign, reasons for successful power (E) 406
Canadian Electrical Association, convention of 118
Canadian prosperity 418
Cancer of the mouth, electrolytic treatment of 908
Canvassing by telephone..... 1192
Carbon and metal-filament lamps..... 1094
Carborundum lightning-arresters 392
Car, damages for loss of use of..... 879
Car, Du Pont subway*..... 647
Car factory, power plant for..... 634
Car heating, recent developments in, by H. S. Williams 1172
Car, interurban poultry..... 22
Car operation, economy in, by C. J. Hopkins 74
Car order, Golveston-Houston electric railway 861
Car, successful operation of storage-battery 1204
Car ventilation (E) 711
Carhart, Henry S.* 1171
Carnegie schools, endowment for..... 1074
Cars, accommodation in street (E)..... 565
Cars, electric equipments for Pullman.... 123
Cars for Long Island Railroad, motor..... 89
Cars for Long Island Railroad, new all-steel 719
Cars for Peoria Railway Terminal Company, new motor*..... 1255
Cars for training motormen, instruction*.. 486
Cars to go, horse..... 487
Cars, to investigate sanitation of..... 874
Cars, to supplement steam by gas-electric motor 64
Cars, ventilation of railway, by B. A. Stowe 722
Cars wanted in South America, power.... 543
Carty, John J.*..... 771
Castings, sound copper (E)..... 921
Casualties, electric railway..... 360
Cedar pole industry 570 1257
Cedar Rapids electrical ordinance..... 257
Cells, limitations of Weston..... 217
Cell sensitive to light, primary..... 1181
Cells, improving portability of standard.... 362
Celluloid, a noninflammable—Borold..... 441
Cement works, electrically driven..... 1053
Census report of municipal electric light and power stations 18
Census report on poles for 1909..... 1296
Central Electric Accounting Association, Chicago meeting of 466
Central Electric Railway Association..1076, 1172
Central Electric Railway Association, meeting of 504 676
Central Electric Traffic Association, meeting of 879
Central-station advertising ethics of, by Charles A. Parker..... 539
Central-station advertising, future of, by Charles A. Parker 639
Central-station advertising, general review of, by Charles A. Parker..... 739
Central station after the farmer..... 1289
Central-station business, how to get undeveloped 330
Central-station campaign for electric vehicles, by F. M. Tait..... 886
Central-station development 552
Central-station earnings versus tungsten lamps, by E. L. Booth..... 267
Central-station economy, by P. E. Matteson—
- Coal, use of..... 376
- Boiler-room economy 634
- Steam, exhaust 684
- Heating, central 892

Central-station facts and factors, by J. R. Cravath 267
Central-station, future of, by Thomas E. Murray 726
Central-station heating (E) 872
Central-station illuminating engineering work, by C. F. Oehlmann..... 893
Central-station insurance 1300
Central-station opportunities in building (E) 2
Central-station opportunity (E) 1168
Central-station power load, benefits of (E). 614
Central-station, production costs in small (E) 768
Central-station rates (E) 109
Central station, relation of, to electric vehicle industry, by L. A. Ferguson..... 885
Central-station service, by H. R. Leonard.. 993
Central station, subsidized 633
Central station, value of illuminating engineering to, by J. F. Gilchrist..... 939
Central stations and lamp manufacturers, co-operation between* 328
Central stations and manufacturers, co-operation between 258
Central stations and the electric vehicle (E) 406
Central stations, co-operation between manufacturers and 720
Central stations, demand for more light and attitude of 542
Central stations, economy of long-distance 1189
Charge for electricity, minimum service.... 275
Charge of electricity, elementary (E)..... 872
Charlotte electrical properties sold..... 1198
Chart records, Bristol-Durand averaging-instrument for circular*..... 94
Chesapeake & Ohio northern railroad shops, electrification of, by L. W. Householder* 335
Chester County Electric Company, sale of.. 427
Chicago & Southern Traction Company, receivers for 846
Chicago automatic telephone system..... 880
Chicago Board of Trade, relation to commerce of 6
Chicago Consolidated Traction situation clearing up 360
Chicago Consolidated Traction situation cleared up 772
Chicago Electric Club.....
.....6, 89, 180, 258, 570, 618, 716, 820, 876, 923, 970, 1035, 1122, 1274, 1324
Chicago Electric Club picnic...171, 218, 272, 506
Chicago electric concerns, reviewers raise taxes of 408
Chicago electrical show.....714, 1074, 1226
Chicago, proposed extension of electric street lighting in..... 716
Chicago railway merger..... 1228
Chicago railway merger, another step towards 272
Chicago Railways Company rehabilitation.. 672
Chicago railways, more trouble for (E)... 1321
Chicago Sanitary District hydroelectric plant, inspection of 719
Chicago Sanitary District report..... 666
Chicago Sanitary District, report of electrical department of 1254
Chicago Sanitary District, work of—Wilmette pumping station*..... 435
Chicago Section, American Electrochemical Society 113
Chicago Section, American Institute of Electrical Engineers, joint meeting with Electrical Section, Western Society of Engineers 616, 880, 1133
Chicago Section, Illuminating Engineering Society 21, 855, 1093, 1170, 1292
Chicago Signal Club 1123
Chicago, street lighting in..... 180
Chicago subway contracts 430
Chicago subway system nearer to realization 93
Chicago traction clears and then gets into new tangles 1324
Chicago Traction engineers, annual reports of 780
Chicago traction merger deferred..... 643
Chicago traction progress 936
Chicago traction tunnel near completion.... 578
Chicago, transportation in (E)..... 3
Chicago Union Elevated loop power troubles 1003
Chicago's new city hall, to use hydroelectric power 177
Chicago's telephones increase..... 625
Chile, electrification of railways in..... 879
Chimney, protecting tall, from lightning*... 989
China, industrial exposition in..... 208
China's electrical awakening..... 978
Chinese "electric park"..... 989
Christmas gifts, electrical (E)..... 1225
Churches, indirect lighting of* 1291
Cincinnati inadequately lighted..... 132
Circuit-breaker, large alternating-current, by D. S. Morgan* 955
Circuit-breakers for alternating current, oil* 286
Circuits for voltage, current and power control, some types of, by Clarence I. Zimmerman*
- Step-by-step transformer circuits..... 1038
- Transfer resistances and transfer coils... 1083
- Transfer coils and switch-contact wear.. 1138

Cities Service Corporation organizes..... 582
Citizens' Light, Heat and Power Company, Montgomery, Ala., book of testimonials of 994
City rules, American Electric Railway Association report on..... 834
Civil-service examination for assistant physicist 1331
Cleveland electrical code..... 1276
Cleveland Electrical League picnic..... 306
Cleveland loses by three-cent fares..... 241
Cleveland may have four-cent fares..... 506
Cleveland Section, American Institute of Electrical Engineers 889
Clothing industry, electric motors in*..... 1199
Cluster protector* 1257
Clusters, mill* 1258
Clutch, large electromagnetic..... 748
Coal briquets, binders for, by C. L. Hubbard 126
Coal, central-station economy in connection with use of, by P. E. Matteson..... 376
Coal, conservation of, by S. Z. de Ferranti.. 1136
Coal, economical use of by central stations, by P. E. Matteson..... 376
Coal mine, electrically operated..... 283
Coal storage bin, submerged, being built in Omaha 1289
Coal supply, conservation of (E)..... 1119
Coaling vessels, new method of* 235
Coating, exposure tests of structural steel, by C. H. Chapman..... 141
Coating, solubility of protective..... 141
Coatings, solubility test on protective, by G. W. Thompson..... 141
Coherer action 538
Cohoes to use electric power..... 128
Coke-oven plant in England..... 1053
Coke-oven power in Belgium 1053
Color vision at ends of spectrum..... 504
Colorado Electric Light, Power and Railway Association, convention of.506, 568, 671
Combustion and boiler efficiency, Edward A. Uehling 1242
Commercial agent and the community, by C. A. Littlefield..... 119
Commercial motor car show for Chicago.. 1276
Commercial Section, National Electric Light Association 874
Commercial vehicle run in New York*.... 1007
Commission International Electrotechnical 458
Commission, International Electrotechnical (E) 454
Commission news from Georgia.....1013, 1111
Commission news from Indiana.....1309, 1358
Commission news from Maryland..... 958
Commission news from Massachusetts.1110, 1309

Commission news from New Jersey..... .....756, 1013, 1111, 1158, 1262, 1358
Commission news from New York..... ..22, 114, 215, 304, 396, 652, 702, 756, 806, 864, 958, 1062, 1109, 1158, 1211, 1262, 1310, 1358
Commission news from Wisconsin..... .....315, 396, 652, 1062, 1211, 1262, 1310, 1358
Commonwealth Edison booklet, new..... 385
Commonwealth Edison Company pays dues to Chicago 4
Commonwealth Edison outing..... 113
Commonwealth Edison plant, new..... 568
Commonwealth Edison sales force, electrically cooked meal for..... 649
Commonwealth Edison Section, National Electric Light Association, banquet of* 972, 1235
Commonwealth Edison's Quarry Street station completed 781
Commonwealth Edison's telephone system.. 1050
Comparative costs of producing light with different illuminants, by J. M. Bryant and H. G. Hake..... 1292
Condensation, transmission of heat in surface, by George A. Orrok..... 1242
Condensers and induction generators in transmission systems, rotary, by A. L. Jones 672
Condensing water, control of, by B. Viola.. 1243
Conductivities, method of determining thermal, by Carl Hering..... 824
Conductivity, electron theory of..... 1254
Conduit for long-distance telephone lines, underground 1050
Conduit in water-soaked, laying*..... 650
Conduit, new galvanized..... 142
Coney Island fare case, theory of street railway rate regulation as developed in, by Frank R. Ford..... 829
Congress for the Protection of Industrial Property, International 1081
Congress, international tramways 664
Congress of Radiology and Electricity, report of 724
Consolidated Traction (Chicago) sold..... 1170
Constantinople, electric lighting of..... 688
Constantinople lighting concession awarded 754
Constantinople, trolley lines for..... 93
Consumers, securing small (E)..... 159
Continental Telephone and Telegraph suit. 1026
Contracting, electricity in..... 641
Contractors and supply men, among..... ..140, 189, 339, 437, 645, 859, 1004, 1150, 1254
Contractor's service, electricity in*..... 137
Contracts awarded, government..... 754
Contracts for lighting and power service, by W. N. Ryerson 119
Contracts, how and why of, by Gale Blacki 716
Controller, new automatic*..... 1106
Controller, Universal flat-rate..... 344
Controllers for machine tools, drum-type*.. 240
Controllers, new line of alternating-current* 40

CONVENTIONS—
American Electric Railway Association (formerly American Street and Interurban Railway Association)..... 829
American Electric Railway Engineering Association 830
American Electric Railway Transportation and Traffic Association..... 833
